Hi Chris,

Thanks for the up date. We have been pretty much "Break Glass in case of Emergency" for a few weeks now. Not much going on.

The site looks good from that picture. Wow, it has come a long way.

I hope you and your family are safe. My family is doing well. My wife is going a bit stir-crazy with all the time at home. But we are healthy and happy.

Kevin

Hi Kevin

I hope you and your family are well. Hopefully they don't have you downtown with the protesters.

We are taking a break from work at Shiloh due to coronavirus. Before we left, my goal was to have all excavated soil under poly removed. This is a photo of what that area looks like today

You have been a tremendous help to EPA on this Site and I hope you can stop by in person once we are all in a safer place.

Stay safe, I care,

Chris
